

CARDIOLOGY SERVICES

Patient Portal

With Patient Portal access, patients can send messages, view outstanding balances, view summaries of their office visits, lab results, medication list, immunizations, and vitals, and so much more. Patients can also print these records from their portal, if needed. If patients would like to register for the portal, please call (620) 343-5941 during business hours Monday-Friday, or email portalHIM@newmanrh.org.

Partnership

We have partnered with Saint Luke's Mid America Heart Institute in Kansas City, Missouri, to help provide a comprehensive cardiology program for our community. Affiliation with Saint Luke's offers patients access to the latest evidence-based practices.

Newman Regional Health Medical Partners Cardiology is just one of the quality services provided by Newman Regional Health. To learn more about our Cardiology services, physicians, or staff, please call (620) 342-HART (4278). For more information on any of our other services, please visit our website at www.newmanrh.org.

CARDIOLOGY SERVICES

Cardiology Services

Choosing the right hospital to care for your heart could be one of the most important decisions of your life. At Newman Regional Health Medical Partners Cardiology we provide comprehensive cardiology care through a full spectrum of cardiovascular diagnostic and interventional services.

Today there are ways to significantly lower your chances of developing heart disease, reverse the effects of a current heart condition you may or may not be aware of, and start promoting a healthy heart. Newman Regional Health Medical Partners Cardiology offers the most advanced diagnostic technologies and therapeutic options available to prevent, diagnose, and treat heart conditions.

Newman Regional Health Cardiology

The Newman Regional Health Medical Partners Cardiology office provides care for your cardiac concerns. The office is located at 1301 W. 12th Avenue, Suite 207 in Emporia. A few of the conditions treated include shortness of breath, chest pressure or tightness, heart skips, dizziness, heart failure, after heart attack or heart procedure follow-ups, and leg pain and cramps.

Cardiac Catheterization

Neman Regional Health has invested in a state-of-the-art cardiovascular catheterization lab. A cardiac catheterization provides very accurate and detailed information. This visualization test provides the doctor with a picture of the heart and allows the cardiologist to assess blockages in the blood vessels of the heart and other parts of the body. This information will allow the cardiologist to choose the best treatment for you. Our physicians are of few who perform catheterization through the arm instead of through the groin, helping to decrease recovery time. Newman Regional Health Medical Partners Cardiology's services staff understands the importance of time with a proven door to treatment time in the Cath Lab that is 2x faster than the national average.

Cardiology Services Provided

- Office and hospital consultations and follow-ups
- ECHO cardiogram
- Nuclear stress test
- Tilt table test
- Heart catheterization
- Stent placement
- Pacemaker placement
- IVC filter placement
- Peripheral angioplasty

Cardiac Rehabilitation

If you suffer from a heart attack or are recovering from heart surgery, cardiac rehabilitation begins while you are still at Newman Regional Health and is designed to help you achieve optimal physical and emotional health through personalized instruction. The goal is to stabilize, slow, or even reverse the progression of cardiovascular disease, thereby reducing the risk of heart disease, a cardiac event or even death.

Inpatient Care

Cardiac patients will be treated in our Intensive Care Unit or Clinical Decisions Unit, both located on the third floor of the hospital. Both units incorporate state-of-the-art treatment and monitoring in a modern setting with all private rooms. Our units provide a sophisticated monitoring system that enables our staff to continuously monitor patients' progress resulting in early detection and treatment options.

THANK YOU FOR CHOOSING NEWMAN REGIONAL HEALTH MEDICAL PARTNERS CARDIOLOGY SERVICES FOR YOUR MEDICAL NEEDS.
